A highly analytical and results-driven computer scientist with a proven track record in developing innovative solutions to complex problems. Proficient in programming languages such as Java, Python, and C++, I excel in data analysis, algorithm development, and machine learning. My experience spans diverse projects, showcasing my ability to tackle challenges and drive impactful change. Eager to contribute my technical skills and expertise in a dynamic environment, I am seeking a challenging role to further advance the field of computer science.

HARD SKILLS

- | | | |
|--|---|---|
| <ul style="list-style-type: none">• Programming Languages
JavaScript, Python, C++, C#, PHP• Database and Query Languages
SQL, Excel | <ul style="list-style-type: none">• Data Analysis
Data Analysis, Statistical Analysis and Data Visualization• Reporting and Visualization Tools
Power BI | <ul style="list-style-type: none">• Machine Learning and Data Science:
Machine Learning, Model Building, Jupyter and Feature Engineering |

PROFESSIONAL EXPERIENCE

Ecommerce Gateway Pakistan (Pvt) Ltd. Event Project Manager

January 2018 - Present

- Spearheaded strategic event planning, ensuring diverse events consistently met or exceeded client expectations.
- Effectively led and managed teams, fostering cohesive collaboration for the successful execution of event plans.
- Conducted comprehensive risk assessments, proactively identifying challenges, and implementing mitigation strategies to ensure seamless event delivery.
- Fostered strong relationships with vendors and stakeholders, ensuring a streamlined and collaborative approach to event execution.

Self-Employed Private Tutor

January 2019 - Present

- Instructed diverse groups of students in Computer Science at Intermediate (XI and XII) and A's Level.
- Taught Physics and Mathematics to students in XI and XII.
- Conducted introductory programming courses covering languages such as C++, C#, JavaScript, HTML, CSS, and Python.
- Engaged in teaching since early days in Intermediate.
- Teaching is a fulfilling passion.
- Actively seek opportunities to mentor bright and ambitious students.

Codsoft

August 2023 - September 2023

Data Science Virtual Intern

- Tackled diverse projects in data science, covering data analysis, machine learning, and statistical modeling.
- Collected, cleaned, and analyzed data to extract meaningful insights.
- Developed and fine-tuned machine learning models for various tasks.

EDUCATION

Sir Syed University of Engineering and Technology
Bachelor of Science in Computer Science
2019 - 2024

Government Degree College for Boys, North
Intermediate | Computer Science
2018 - 2019

S.M Public Academy
Matriculation | Computer Science
2005-2017

CERTIFICATIONS

- **Certificate in Information Technology (CIT)**
Institution: Pak Collegiate
- **Coursera Project Network Courses:**
Linear Regression with Numpy and Python
Modern JavaScript: ES6 Basics
Marketing Analytics Dashboard - Google Data Studio
- **Cisco Networking Academy Courses:**
NDG Linux Essentials English 1221
NDG Linux Unhatched English 1121b
Introduction to Cybersecurity
